- Waterless
- Safe to use
- Saves water & cleaning efforts

### AREAS OF USE

- Hospitals
- Nursing homes
- Restaurants
- Hotels & motels
- Schools
- Public facilities
- Camping sites
- Industrial facilities

### DESCRIPTION

BIO TABS are designed for maintenance of ultra-low water flushing and waterless urinals including urinal troughs. They contain biologically active ingredients that help break down organic wastes for an extended time which overall saves cleaning efforts and implies significant water savings.

### DIRECTIONS FOR USE

Simply place the bottom end of the BIO TABS against the centre or at side of urinal drain. Start with a clean urinal bowl and free from drain blockage or drain pipe leakage.

BIO TABS are formulated to dissolve slowly, releasing the biologically active ingredients that break down organic wastes and guaranteed to last for minimum 30,000 users/cycles without flushing.

Consult your Jasol representative for further information.

### SAFETY INFORMATION

BIO TABS are classified as a Hazardous according to the GHS.

BIO TABS are classified as Dangerous Goods according to the ADG Code (7<sup>th</sup> Ed).

BIO TABS are NOT a Scheduled Poison according to the SUSMP.

Avoid contact with eyes and skin. Do not breathe vapour. Refer to SDS for further information.

#### FIRST AID INFORMATION

For advice in an emergency, contact **Poisons Information Centre Australia (Phone 13 11 26) or a doctor at once**. If swallowed do NOT induce vomiting. Wash out mouth thoroughly with water and seek immediate medical attention. If in eyes, hold eyelids apart and flood with water for at least 15 minutes. If on skin, remove contaminated clothing and wash affected area with running water. Seek immediate medical attention.
