

D-STAIN

Stain Remover & Pre-soak

FEATURES

- Broad spectrum activity
- Breaks down the toughest stains
- Free rinsing properties
- Suitable for stainless steel surfaces

AREAS OF USE

- Hotels
- Restaurants
- Clubs & Taverns
- Licensed Premises
- Hospitals

DESCRIPTION

D-STAIN is a power-formula pre-soak, which will break down the toughest food soils and remove stubborn stains, such as from coffee and tea. It is safe to use on stainless steel surfaces, as well as for plastics and china. Activated with oxygen stain removers, it is safe to use, prevents pitting of stainless steel, inhibits corrosion and eliminates stainless steel haze. D-STAIN is also highly effective for laundry soaking purposes.

DIRECTIONS FOR USE

Use at a rate of 50g (1½ scoops) per 5L warm water. Once dissolved, add the articles to be cleaned and de-stained to the solution and leave until stains are removed. Rinse with clean water after use.

Consult your Jasol representative for further technical information.

SAFETY INFORMATION

D-STAIN is classified as Hazardous according to the GHS.

D-STAIN is NOT classified as Dangerous Goods according to the ADG Code (7th Ed).

D-STAIN is a Scheduled Poison according to the SUSMP.

Avoid contact with eyes and skin. Do not breathe dust. Refer to SDS for further information.

FIRST AID INFORMATION

If poisoning occurs contact a doctor or **Poisons Information Centre Australia, Phone 13 11 26**. If swallowed do NOT induce vomiting. Wash out mouth thoroughly with water and seek immediate medical attention. If in eyes, hold eyelids apart and flood with water for at least 15 minutes. If on skin, remove contaminated clothing and wash affected area with running water. Seek immediate medical attention.
