DEFOAMER 5600 FG

Food Grade Antifoaming Agent

FEATURES

- Heavy duty defoaming action
- Food grade
- Suitable for hot and cold water
- HALAL approved

AREAS OF USE

- Food processing plants
- Dairy processing plants

DESCRIPTION

DEFOAMER 5600 FG is a water dispersible food-grade proprietary blend of vegetable oils and non-ionic surfactants used as a foam depressor in many food processing operations. It helps quickly destroy air bubbles and cause breakdown of the foam surface, which ultimately reduces the foam formation. Best results can be achieved even at low concentrations.

DIRECTIONS FOR USE

Effective concentrations are determined based on plant trials to ensure the product suitability. Initially use at 10mL/L of foaming solution and adjust the amount to determine the best usage concentration. Disperses easily in most aqueous systems and can be added directly to a foam system as supplied, requiring only agitation to disperse thoroughly. Rinse off all product contacting surfaces with potable water after use.

Consult your Jasol representative for further information.

SAFETY INFORMATION

DEFOAMER 5600 FG is NOT classified as Hazardous according to the GHS.
DEFOAMER 5600 FG is NOT classified as Dangerous Goods according to the ADG Code (7th Ed).
DEFOAMER 5600 FG is NOT a Scheduled Poison according to the SUSMP.

FIRST AID INFORMATION

For advice in an emergency, contact a **Poisons Information Centre (Phone Australia 13 11 26 or New Zealand 0800 764 766) of a doctor at once.** If swallowed do NOT induce vomiting. Wash out mouth thoroughly with water. If in eyes, hold eyelids apart and flood with water for at least 15 minutes. If on skin, remove contaminated clothing and wash affected area with running water. Seek medical attention if symptoms develop.
