

# EC14 AUTOMATIC FEED WAREWASHING RINSE AID

## Automatic Machine Rinsing Aid

### FEATURES

- Economical
- Free rinsing properties
- Wash neutraliser
- Water conditioning
- Phosphate free
- GECA certified

### AREAS OF USE

- Restaurants
- Cafeterias
- Hospitals
- Nursing homes
- Hotels & motels
- Schools
- Other public facilities

### DESCRIPTION

Jasol's Environmental Choice EC14 is an environmentally responsible and highly effective rinse additive for use in automatic dishwashers. It promotes free rinsing, sparkling crockery and cutlery and prevents water spotting and streaking. Coupled with the use of hot water ensures very fast drying times preventing cross-contamination from the use of towels. EC14 is an environmentally responsible choice for your cleaning needs.

### DIRECTIONS FOR USE

EC14 is introduced during the rinse cycle at a very low concentration of 1-2 mL/L of rinse water via automatic dosing equipment. This equipment is provided and serviced by Jasol. For best results flash drying at 80-90°C is recommended. In domestic style dishwashers the rinse additive is dispensed from a small reservoir unit which must be kept full.

Please recycle packaging by replacing cap and returning clean containers to recycler or designated collection point.

Consult your Jasol representative for further information.

### SAFETY INFORMATION

EC14 is classified as Hazardous according to the GHS.

EC14 is NOT classified as Dangerous Goods according to ADG Code (7<sup>th</sup> Ed).

EC14 is NOT classified as a Scheduled Poison according to the SUSMP.

Avoid contact with eyes and skin. Refer to SDS for further information.

#### FIRST AID INFORMATION

For advice in an emergency, contact **Poisons Information Centre Australia (Phone 13 11 26)** or a **doctor at once**. If inhaled, remove victim to fresh air. Keep at rest until recovered. If in eyes, hold eyelids apart and flood with water for at least 15 minutes. Seek immediate medical attention.
