- Free rinsing properties
- Excellent soil removal
- Phosphate free
- Low foaming

AREAS OF USE

- Restaurants
- Cafeterias
- Hospitals
- Nursing homes
- Hotels & motels
- Schools
- Other public facilities

DESCRIPTION

HC25 MDW is an automatic alkaline dishwashing detergent for use only with Jasol electronic dispensing equipment. It combines good soil removal with low foaming and free rinsing characteristics. HC25 MDW is formulated from an alkaline base with chelating and soil suspension agents to handle both hard and soft water conditions. Its special properties help prevent scale build up in hard water areas. For better rinsing results use Jasol SPOT AID or CLEAR AID.

DIRECTIONS FOR USE

HC25 MDW is made specifically for use in dishwashing machines. Not to be used for washing dishes by hand. HC25 MDW should be dispensed through Jasol dose equipment for maximum use, cost benefit and optimum results. HC25 MDW should be introduced into a machine at a rate of 2-4mL/L of water depending on the soil load and water hardness. Rinse all product contacting surfaces with potable water after use. For best results HC25 MDW should be used in conjunction with Jasol SPOT AID.

Consult your Jasol representative for further information.

SAFETY INFORMATION

HC25 MDW is classified as Hazardous according to the GHS.
HC25 MDW is classified as Dangerous Goods according to ADG Code (7th Ed).
HC25 MDW is a Scheduled Poison according to SUSMP.
Avoid contact with eyes and skin. Refer to SDS for further information.

FIRST AID INFORMATION

If poisoning occurs contact a doctor or **Poisons Information Centre Australia, Phone 13 11 26**. If swallowed do NOT induce vomiting. Wash out mouth thoroughly with water and seek immediate medical attention. If in eyes, hold eyelids apart and flood with water for at least 15 minutes. If on skin, remove contaminated clothing and wash affected area with running water. Seek immediate medical attention.
