# HI FLUX SURF

## Membrane Cleaner Additive

**DAIRY**

## FEATURES

- Low foaming
- Easy in-line cleaning
- Excellent fat removal properties
- HALAL, KOSHER approved

## AREAS OF USE

- Ultrafiltration plants

## DESCRIPTION

HI FLUX SURF is a specially designed blend of non-ionic surfactants for fat removal in ultrafiltration plants at dairy processing facilities.

## DIRECTIONS FOR USE

Add to the cleaning solution at 0.015-0.1g/L. Circulate for 30-60 minutes at a temperature of 40°C-60°C.  Rinse off all product contacting surfaces with potable water after use.

*Please note that all membrane cleaning must be carried out in accordance with the membrane manufacturer's guidelines, recommended limits of pH, temperature and exposure time should be followed.*

Contact your Jasol representative for further information.

## SAFETY INFORMATION
