# MOUNTAIN BREEZE TABLETS

## Concentrated Deodorant Block

### FEATURES

- Highly concentrated
- Safe to use
- Pleasant long lasting fragrance

### DESCRIPTION

MOUNTAIN BREEZE TABLETS are evaporating tablets manufactured from pure para-dichlorobenzene crystals. They are pleasantly perfumed with a slow release rate, which helps continually deodorise areas where odour control is essential.

### DIRECTIONS FOR USE

MOUNTAIN BREEZE TABLETS are suitable for use in lavatories, urinals, sick rooms and all public places. Simply place deodorising tablets in urinal and leave to evaporate. When size of a tablet has reduced to a size which would risk it to go through the grid into the drain, replace with a new tablet. Because MOUNTAIN BREEZE TABLETS are compressed they are long lasting and do not readily wash away.

Consult your Jasol representative for further information.

### SAFETY INFORMATION

MOUNTAIN BREEZE TABLETS are classified as a Hazardous according to the GHS.

MOUNTAIN BREEZE TABLETS are classified as Dangerous Goods according to the ADG Code (7<sup>th</sup> Ed).

MOUNTAIN BREEZE TABLETS are a Scheduled Poison according the SUSMP.

Avoid contact with eyes. Avoid release into environment. Refer to SDS for further information.

#### FIRST AID INFORMATION

If poisoning occurs contact a doctor or **Poisons Information Centre Australia, Phone 13 11 26**. If swallowed do NOT induce vomiting. Wash out mouth thoroughly with water and seek immediate medical attention. If in eyes, hold eyelids apart and flood with water for at least 15 minutes. If on skin, remove contaminated clothing and wash affected area with running water. Seek immediate medical attention.

**24 HOUR TOLL FREE EMERGENCY PHONE NO: 1800 629 953**
