For further information regarding product safety and handling, refer to the Safety Data Sheet and product label.

### DESCRIPTION

OMEGA is a heavy duty alkaline detergent suitable for use in industrial spray washers and automatic dishwashing machines. It combines superior soil removal with low foaming and free rinsing characteristics. OMEGA is formulated from an alkaline salt base with chelating and soil suspension agents to handle hard and soft water conditions. It is safe to use for washing all aluminium utensils, such as pots, pans, dishes and cutlery.

### DIRECTIONS FOR USE

OMEGA is made specifically for use in industrial spray washers and dishwashing machines. IT MUST NOT BE USED FOR WASHING POTS BY HAND. It should be dispensed via the Jasol electronic dosing equipment for maximum use cost benefits and optimum results.

The use rate of 2-10 mL/L of water is recommended depending on the degree of soiling and water hardness. For best results, use in conjunction with Jasol SPOT AID or CLEAR AID.

Consult your Jasol representative for further information.

### SAFETY INFORMATION

OMEGA is classified as Hazardous according to the GHS.  
OMEGA is NOT classified as Dangerous Goods according to the ADG Code (7th Ed).  
OMEGA is a Scheduled Poison according to the SUSMP.  
Avoid contact with eyes and skin. Refer to SDS for further information.

#### FIRST AID INFORMATION

If poisoning occurs contact a doctor or **Poisons Information Centre Australia, Phone 13 11 26**. If swallowed do NOT induce vomiting. Wash out mouth thoroughly with water and seek immediate medical attention. If in eyes, hold eyelids apart and flood with water for at least 15 minutes. If on skin, remove contaminated clothing and wash affected area with running water. Seek immediate medical attention.
