

# SMART SAN INSTANT MIST HAND SANITISER

# Hand Sanitiser

## **FEATURES**

- Gentle to skin
- Does not de-fat hands
- Contains emollients
- Fast acting

#### **AREAS OF USE**

- Hospitals
- Nursing homes
- Restaurants
- Hotels & motels
- Public facilities

#### **DESCRIPTION**

SMART SAN INSTANT MIST HAND SANITISER contains a natural vegetable glycerine that will soften and improve skin condition of dry and chapped hands that can be caused by a frequent hand washing and harsh soaps. Its advanced liquid formula is atomised when applied to the hands by a dispenser or pump. Unlike gels, the sanitiser spray will give complete coverage and saturate even the hard-to-get areas of the hands where most germs tend to reside, such as nails and cuticles.

#### **DIRECTIONS FOR USE**

Apply a small amount on to clean and dry hands, rub lightly all over and allow to dry. No rinsing with water is required and no hand towels or drying are needed. Do not use on broken skin.

Consult your Jasol representative for further information.

#### SAFETY INFORMATION

SMART SAN INSTANT MIST HAND SANITISER is classified as Hazardous according to the GHS. SMART SAN INSTANT MIST HAND SANITISER is classified as Dangerous Goods according to the ADG Code ( $7^{th}$  Ed).

SMART SAN INSTANT MIST HAND SANITISER is NOT a Scheduled Poison according to the SUSMP.

Avoid contact with eyes. Flammable liquid. Refer to SDS for further information.

#### FIRST AID INFORMATION

For advice in an emergency, contact **Poisons Information Centre (Phone Australia 13 11 26) or a doctor at once.** If swallowed do NOT induce vomiting. Wash mouth thoroughly with water and seek medical attention. If in eyes, hold eyelids apart and flood with water for at least 15 minutes. Seek medical attention if irritation persists.
