

SOFTENER CONCENTRATE

Concentrated Fabric Softener & Conditioner

FEATURES

- Soft & supple finish
- Antistatic & bacteriostatic properties
- Improves lubrication for ironing
- Suitable for industrial use
- Compatible with all Jasol family laundry products

AREAS OF USE

- Commercial & industrial laundries
- Hospitals
- Nursing homes
- Hotels & motels

DESCRIPTION

SOFTENER CONCENTRATE is a fabric softening liquid, designed to provide both bacteriostatic and antistatic properties in conjunction with fabric conditioning, when added to the final rinse of the wash cycle. It also provides a long lasting pleasant fragrance to the laundry.

DIRECTIONS FOR USE

SOFTENER CONCENTRATE is mainly recommended for towelling, woollens and personal laundry classifications. Use at a rate of 1-2mL per 1kg of dry weight linen by addition to final rinse.

To prevent microbial contamination, close containers immediately after use and do not add or insert any foreign materials or objects.

Consult your Jasol representative for further information.

SAFETY INFORMATION

SOFTENER CONCENTRATE is NOT classified as Hazardous according to the GHS.

SOFTENER CONCENTRATE is NOT classified as Dangerous Goods according to the ADG Code (7th Ed).

SOFTENER CONCENTRATE is NOT classified as a Scheduled Poison according to the SUSMP.

FIRST AID INFORMATION

For advice in an emergency, contact **Poisons Information Centre Australia (phone 13 11 26)** or a **doctor at once**. If swallowed do NOT induce vomiting. Wash out mouth thoroughly with water. If in eyes, hold eyelids apart and flood with water for at least 15 minutes. Seek medical attention if irritation persists.
