For further information regarding product safety and handling, refer to the Safety Data Sheet and product label.

## DESCRIPTION

OXYBLEACH CONCENTRATE has long been recognised by the textile industry as a valuable bleaching agent. It is stable, can be handled with ease and safety, and it provides excellent whiteness and stain removal. OXYBLEACH CONCENTRATE can be used successfully on any washable material and is particularly useful for removing stains without damaging the fabric or colour.

## DIRECTIONS FOR USE

OXYBLEACH CONCENTRATE is for normal soiled work. The recommended dose rate is 80mL per 100kg of dry weight wash. Best results are achieved by adding OXYBLEACH CONCENTRATE into the machine prior to the stage of highest temperature and alkalinity.

Consult your Jasol representative to ensure equipment operation and settings are correct for individual machines and wash classifications.

## SAFETY INFORMATION

OXYBLEACH CONCENTRATE is classified as Hazardous according to the GHS. OXYBLEACH CONCENTRATE is classified as Dangerous Goods according to ADG Code (7<sup>th</sup> Ed). OXYBLEACH CONCENTRATE is a Scheduled Poison according to the SUSMP. Avoid contact with eyes and skin. Do not breathe vapour or mist. Refer to SDS for further information.

### FIRST AID INFORMATION

If poisoning occurs contact a doctor or **Poisons Information Centre Australia, Phone 13 11 26**. If swallowed do NOT induce vomiting. Wash out mouth thoroughly with water and seek immediate medical attention. If in eyes, hold eyelids apart and flood with water for at least 15 minutes. If on skin, remove contaminated clothing and wash affected area with running water. Seek immediate medical attention.
